# Create Vote (Success - Failed)

This screenshot shows a web browser window with the URL `http://PinD.eleiotngBlockchain.bt`. The page has a navigation bar with links: Logo, Introduction, Discover, Vote Rooms, and Q&A. A user is logged in as 'Hi Username'. The main content area is titled 'A Vote Name' and contains a 'Description:' text input field. A green success modal is displayed in the center, containing the text: 'Success', 'Congratulation!', 'You have created a vote. Please wait until it ends to check the result.', and a green 'Great' button. Below the modal are 'Yes' and 'No' buttons. A blue 'Checkout' message at the bottom states: 'Your vote will end when everyone who's invited has casted their votes OR it comes to the ended day.' A 'Be aware' section at the bottom notes that answers cannot be changed. At the very bottom, there are 'Cancel' and 'Submit' buttons, and a footer with 'Community' and 'Foundation' sections, social media icons, and contact information.

This screenshot shows the same web browser window as the first, but with an error modal. The modal has a red header 'Error - Missing some information' and contains the text: 'Please check again and fill in all boxes.' and a red 'Go Back' button. The rest of the page, including the navigation bar, 'A Vote Name' title, 'Description:' input, 'Yes/No' buttons, 'Checkout' message, 'Be aware' section, and footer, remains identical to the first screenshot.
